TENNIS

THE TENNIS CENTER AT COLLEGE PARK

1 :: Maryland tennis has a stylish place to call home: The Tennis Center at College Park. Located on Paint Branch Parkway, this state-of-the-art facility has a total of 27 tennis courts - 12 indoor and 15 outdoor courts. The indoor courts are split into eight Decoturf II hard courts and four Har-Tru Clay courts. The outdoor courts consist of nine Decoturf II hard courts, four Har-Tru Clay courts and two red clay courts.

2 :: The clubhouse lobby includes a pro shop as well as a lounge area for athletes. The back door of the clubhouse leads to 15 outdoor courts.

3 :: The outdoor courts have a beautiful walking galleria.

4 :: The Tennis Center offers a chance to play on European red clay, as well.

5 :: Each of these three tennis structures contains four fully-lighted courts ensuring playing time for everyone.

HEAD COACH JIM LAITTA

19TH SEASON AT MARYLAND • EASTERN KENTUCKY '88

Jim Laitta is in his 19th season as head coach of the Maryland men's tennis program. He spent the first 11 years of his tenure as Maryland's director of tennis where he headed up both the men's and women's programs.

Laitta is in his eighth season running only the men's team, though the Terps have been a fully-funded program for just the last four seasons.

He is gradually building the Maryland men's program in the Atlantic Coast Conference, one of the top league's in the nation. Laitta has led the Terps to a national ranking in each of the last three seasons and produced the first All-Americans at the school in over 30 years.

Last season, Boris Fetbroyt and Andrew Orban advanced to the round of 16 in the NCAA Doubles Championship after entering the tournament among the top eight seeds. The last Maryland men's tennis player to earn All-America honors was John Lucas in 1976. No doubles team in school history had reached All-America status.

Over the years, Laitta's teams have had on-court success and he has shown the ability to build programs.

He began his first season (1990-91) with both men's and women's teams without any scholarship players. It wasn't until the 1998-99 campaign that the women's program had a full complement of eight scholarships.

Prior to Maryland having a fully-funded women's team, Laitta demonstrated his recruiting prowess and on-court coaching ability by taking his partially-funded teams to three NCAA Tournaments in four years.

In 1996, he led the Terrapin women's team to its first-ever NCAA appearance, as well as a tie for fourth place in the grueling ACC. As a result, he was named both ACC and NCAA Region I Coach of the Year by his peers.

The 1998-99 season saw the women's team achieve the "triple crown" at the NCAA Tournament by competing as a team and sending competitors in both singles and doubles. That was the first such occurrence in Maryland women's tennis history.

Laitta also coached two of his players through two other prestigious tournaments, the National Invitational Tournament and the National Clay Court Championships.

Prior to coming to Maryland, Laitta was the head women's tennis coach at Mississippi State University from 1989-1990. The program finished in the national top 20 and captured an NCAA Doubles Championship. In addition to coaching several college All-Americans and junior national champions, he has coached professionals who have competed in major tournaments such as the U.S. Open and Wimbledon.

Laitta played collegiately at Eastern Kentucky University, where he was team captain and played the No. 1 singles and doubles position. Upon earning his degree in psychology in 1988, he competed on the satellite tour before entering the coaching ranks.

COACH LAITTA'S RECRUITING STATEMENT

Head coach of the Maryland men's tennis program, Jim Laitta, recruits at the National Clay Courts (Boca Raton, Fla.), the National Hard Court Championships (Kalamazoo, Mich.), the Winter Nationals (Phoenix, Ariz.), Orange Bowl (Miami, Fla.) and several ITF junior championship tournaments.

"The type of student-athletes that we look for are highly motivated individuals who want to excel both on the court and in the classroom. Our program is one of the more intense in the country. The players on the team each have the option of 1-2 individual workouts a week. We prepare our players physically and mentally for their matches. We are starting to attract players here who have ambitions of playing on the pro tour. We try to accommodate all of the players' dreams and goals when they arrive here. When the players leave here upon graduating, they should all be able to say that they had the time of their lives the University of Maryland." – Jim Laitta

MICHAEL COLEMAN

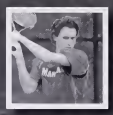
ASSISTANT COACH • FIRST SEASON MARYLAND '08

Michael Coleman is in his first season as an assistant coach with the Maryland men's tennis team.

Coleman is a former Terps tennis player, earning letters in each of his four seasons (2005-08). He has also spent time as an intern in the Maryland video department.

A native of Bowie, Md., Coleman posted 23 career singles wins and was a part of 31 doubles victories at Maryland.

He was also a standout at Eleanor Roosevelt High School where he was a two-time team MVP and member of the National Honor Society.



SEASON OUTLOOK

TERPS LOOK TO MAKE A MOVE IN THE ALWAYS COMPETITIVE ACC

The Maryland men's tennis team enters 2009 with a great deal of promise following a season in which the Terrapins reached as high as No. 50 in the national rankings and sent two players to the NCAA Championships.

Head coach **Jim Laitta** and the Terps are hoping to build off last year's success by making some noise in the Atlantic Coast Conference and gaining a berth in postseason play.

"We want to try and qualify for NCAAs," Laitta said. "I feel like every year we're getting closer and closer."

Laitta will look to a group of six letterwinners, including All-Americans **Boris Fetboryt** and **Andrew Orban**, to help him achieve that goal.

Fetbroyt and Orban, now seniors, made history last season, becoming the program's first All-Americans since John Lucas in 1976. They also reached the round of 16 at the NCAA Doubles Championships.

Laitta is hoping that duo will continue its ascension up the national ladder.

"They know if they bring their A game, they can play with anyone," Laitta said. "They're one of the top doubles teams in the country. It'll be a little different this year, everyone will be coming after them."

Despite the increased expectations, Laitta has confidence in Fetboyt and Orban.

"Our goal is to have them return to the NCAAs and contend for a national championship," Laitta said.

Fetboroyt and Orban racked up 16 doubles victories last season, but they'll be counted on in singles as well.

Fetbroyt has 22 singles wins over the last two seasons and Orban notched 17 singles victories last year, which ranked second on the team to fellow senior **Nickolai Nielsen's** 19.

"Andrew is probably our most talented doubles player and should rotate between No. 1 and 2 singles," Laitta said. "When he's on, his teammates can feed off his energy."

One player Laitta will count on in singles is junior **David Kwon** who is one of the more skilled players to come through College Park in recent years.

"David is probably our most talented player," Laitta said. "He'll rotate at the No. 1 and 2 positions and will have a major impact in singles and doubles. We're expecting big things out of him this season."

Junior **Alex Aksanov** and sophomore **Roshan Potarazu** saw limited time during the 2008 conference season, but will have an increased role this year.

Joining the veterans are sophomore transfer **Graham Knowlton** and freshmen **Arman Moussavi**, **Jonathan Ribaste** and **Mathias Sarrazin**.

"It's new playing team tennis versus individual for the newcomers," Laitta said. "I think Sarazin can have an impact on the team this year. The rest of the guys may need some time to develop."

Laitta is looking forward to seeing his depth develop.

"This is the first time we've actually had some competition for all six singles spots," Laitta said. "We have a little bit more depth. We don't have a superstar on the team, but there's depth so we'll have a lot of competition for playing time."

BORIS FETBROYT

SENIOR / CHERRY HILL, N.J.
LIGHTHOUSE CHRISTIAN ACADEMY

Coming off a career year ... earned All-America honors in 2008 after advancing to the NCAA Doubles Championship with Andrew Orban ... talented and ever improving player ... a team leader ... gives a strong effort in singles ... has 40 career doubles wins, tied for second on the team with Nickolai Nielsen.

As a Senior (Fall 2008): Went 4-1 in singles with the only loss coming at the hands of Rudolph Siwy of Fresno State, the third-ranked player in the nation ... went 3-1 in doubles with Andrew Orban ... that duo was ranked No. 6 nationally entering the season.

As a Junior (2007-08): Earned his first career All-America honor by advancing to the NCAA doubles competition with Andrew Orban ... first doubles team to reach All-America status in school history ... also first Terp All-Americans since John Lucas in 1976 ... the Fetbroyt-Orban duo advanced to the NCAA round of 16 after downing Austen Childs and Simon Childs of Louisville in the first round ... duo posted a 16-4 dual record on the year, including a 5-3 mark vs. ranked foes ... ended the year No. 15 in the ITA doubles rankings ... equaled a career high with eight dual match singles wins ... registered a 5-4 record at No. 4 singles ... won doubles matches in round of 64 and round of 32 in ITA Mideast Regional Indoor Championships, before losing in round of 16 on a tie-breaker ... also matched a career best with eight dual singles wins.

As a Sophomore (2006-07): Earned eight wins at singles and 10 at doubles ... posted an 8-6 record in singles dual matches ... won four singles matches against ranked opponents ... seven of 10 doubles wins came against ranked opponents ... teamed up with Andrew Orban to win five of last seven doubles matches ... won the A-2 flight at the UNC Invitational in the fall ... had one victory against Notre Dame at the Tribe Invitational.

As a Freshman (2005-06): Started the dual season off with three straight wins ... won one ACC match against Boston College ... won six doubles matches with former Terp Josh Brauser with one ACC win against BC.

At Lighthouse Christian Academy: Advanced to the round of 16 clay courts super nationals ... won third place at the Easter Bowl Boy 16's doubles.

Personal: Born on Jan. 18, 1987 in Moscow, Russia ... parents are Vladimir and Svetlana Fetbroyt ... has one brother, Dan ... nickname is Bobo ... lists movies, basketball, hockey, and football as his favorite hobbies ... lists Marat Safin as his favorite athlete because he is the best Russian tennis player ever.

NICKOLAI NIELSEN

SENIOR

FARUM, DENMARK/MARIE KRUSES SKOLE

An extremely hard worker ... will be counted on to have a major impact on the singles and doubles lineups this season ... solid baseline player ... has shown great improvement in doubles in his career ... very mature individual who is a dedicated student-athlete... well-respected by teammates ... his 47 career singles victories leads the team ... has 40 career doubles wins, tied for second on the team with Boris Fetbroyt ... a two-time Academic All-ACC selection.

As a Senior (Fall 2008): Posted a perfect 4-0 record in singles tournament play ... also combined with David Kwon to go 3-2 in doubles competition.

As a Junior (2007-08): An Academic All-ACC selection ... won first two singles matches of the season against St. Joe's and Navy ... captured two doubles matches at ITA Mideast Regional Championships ... won a team-best 19 singles matches ... won a career-high five ACC singles matches, including his final four of the regular season ... those four wins came against nationally-ranked teams.

As a Sophomore (2006-07): An Academic All-ACC selection ... ranked 81st in singles in preseason ... competed in the Orange flight at the UVA Invitational ... selected to Polo All-American Invitational ... competed at the ITA Mideast Regionals in top half draw ... won six matches in singles play and five in doubles play in the spring, including two each against ACC opponents ... posted victories in both singles and doubles in the Terps' upset of No. 55 Virginia Tech.

As a Freshman (2005-06): Posted a 2-1 record at the Navy Invitational ... combined with Vaage-Nilsen to win three doubles matches at the Penn Classic ... won his first six singles matches of the spring en route to a 12-9 dual mark ... had four ACC singles wins, including one over No. 8 Virginia ... had 10 victories in doubles ... won in doubles vs. No. 6 Duke with Andreas Vaage-Nilsen.

Before Maryland: Won the ITF tournament in Oslo, Norway, over Vaage-Nielsen in the finals ... won the doubles titles with Vaage-Nilsen in the same tournament ... ranked as high as 100 in the ITF Junior World Rankings.

Personal: Born on Oct. 31, 1985 ... parents are Vibeke and Palle Nielsen ... has one brother, Daniel ... admired his parents for all their support they have given him through the years ... chose Maryland because of the team's good coaching staff, excellent academic reputation and beautiful surroundings.

ROSHAN POTARAZU

SOPHOMORE
POTOMAC, MD./WOOTEN HS

An extremely hard worker ... expected to get more playing this season ... has a big forehand ... works well at the net ... his enthusiasm rubs off on the entire team.

As a Sophomore (Fall 2008): Posted a 2-1 singles mark at the Navy Invitational ... teamed with Graham Knowlton to record a 2-1 doubles mark.

As a Freshman (2007-08): Saw limited action on the year ... won first match as a Terp at the UNC Fall Invitational ... won his first two dual singles matches of his career, defeating John Drosick of Villanova 6-1, 6-2 (Feb. 10) and Jonathon Schwartz of Delaware 6-4, 6-1 (March 8).

At Wootten High School: Rated a four-star recruit by tennisrecruiting.net ... was a regional semifinalist in both 2005 and 2007 ... rated the No. 20 player in the Mid-Atlantic region and the No. 5 player in Maryland for his class.

Personal: Born on May 24, 1989 ... parents are Uma and Ramu Potarazu ... has three brothers, Krishna, Juan and Nitin ... brother, Juan, played tennis at American University, and brother, Krishna, played tennis at Johns Hopkins ... favorite hobbies are sports, primarily basketball and football ... chose Maryland for its great academics and athletics.

GRAHAM KNOWLTON

SOPHOMORE / AIX EN PROVENCE, FRANCE
INTERNATIONAL SCHOOL OF BERNE (BRADLEY)

A first-year player in the program ... hard worker ... brings a big serve and forehand ... hits the ball well off the baseline ... looks to improve his transition game.

As a Sophomore (Fall 2008): Teamed with Roshan Potarazu to win two of three doubles matches ... duo defeated Chester Murray and Matt Feeley of Richmond 8-3 at the Navy Invitational (Sept. 12-14).

As a Freshman (2007-08 at Bradley): Did not compete in any matches.

At International School of Berne: Won the championship of the 2005 Cirquit la Provence.

Personal: Born Aug. 30, 1985 ... has two sisters, Haley and Marney ... father, Dana, played collegiate hockey at Boston College ... hobbies include snowboarding and spear fishing ... lists going to Wimbledon as his biggest sports thrill ... chose to attend Maryland for the tennis program and to compete in the ACC ... lists Pete Sampras as his sports hero.

ARMAN MOUSSAVI

FRESHMAN
BETHESDA, MD /BETHESDA-CHEVY CHASE HS

An energetic player who will add depth at the end of the lineup ... an extremely hard worker which rubs off on the rest of the team.

As a Freshman (Fall 2008): Did not compete.

Personal: Born June 20, 1990 ... majoring in electrical engineering ... aside from tennis, enjoys playing soccer, badminton and Sudoku ... favorite sports hero is Zinedine Zidane ... chose to attend the University of Maryland for its engineering program.

JONATHAN RIBASTE

FRESHMAN
LAS VEGAS, NEV./LAUREL SPRINGS SCHOOL

A first-year player who is expected to add depth to the singles and doubles lineups this season ... possesses a big serve and strong forehand ... working on his transition and return game.

As a Freshman (Fall 2008): Won the first two singles matches of his career, downing Sam Hyland of Richmond 6-4, 6-3 and knocking off Chase Miller of Oklahoma 6-1, 6-1 at the Navy Invitational ... posted a 2-1 mark with Mathias Sarrazin in doubles at the same tournament.

Personal: Born on Dec. 5, 1988 in Las Vegas ... parents are Pete Ribaste and Blaine Banker ... carried a 3.5 GPA in high school ... also considered Denver, Boise State and St. John's... likes playing basketball in his spare time.

2008 SEASON REVIEW

FETBROYT AND ORBAN ADVANCE TO NCAA DOUBLES CHAMPIONSHIP

The 2008 season turned out to be an historic one for the Maryland men's tennis program as a pair of Terrapins competed on the national stage for the first time in over 20 years.

Juniors **Andrew Orban** and **Boris Fetbroyt** advanced to the NCAA Doubles Championship, reaching the round of 16 and earning All-America status.

As a team, Maryland was ranked in the Intercollegiate Tennis Association (ITA) poll through much of the season, reaching as high No. 50 in the country. The Terrapins had a solid non-conference season before cooling off slightly late in Atlantic Coast Conference action.

Maryland won nine of its first 11 dual matches, including one over No. 43 Louisville when the Terps were unranked.

Orban and Fetbroyt, ranked No. 30 in doubles at the time, set the table in the 4-3 victory by upending Austen Childs and Simon Childs, the 23rd-ranked duo in the land.

That win catapulted the Terps back into the ITA rankings where they remained the rest of the season.

Maryland's keynote win of the conference season came against Clemson on April 5.

Orban, sophomore **David Kwon** and junior **Nickolai Nielsen** led the way with singles wins. All three won in straight sets with Orban knocking off Gera Boryachinskiy, the 122nd-ranked player in the country.

The Terps were unable to keep the momentum going as they dropped the final three ACC matches of the regular season and fell in the opening round of the league tournament.

But Orban and Fetbroyt, ranked No. 8 nationally at the end of the regular season, received one of the top eight seeds in the NCAA Doubles Championship, thus assuring them of becoming All-Americans. The juniors became the first doubles tandem in school history to earn that distinction.

In fact, the last Maryland player to earn an All-America nod was John Lucas in 1976 and the last Terrapin to reach the NCAA Championships was John Zahurak who made the singles draw in 1986.

Orban and Fetbroyt defeated the Louisville duo of Childs and Childs in an opening round three-setter (3-6, 7-6 [2], 6-2) before falling to Tulsa's Andy Connelly and Ross Cunningham. Orban and Fetbroyt ended the year No. 15 on the ITA doubles list.

The NCAA appearance capped off a solid season for the Terps in the always difficult ACC. Ten of the team's 11 defeats on the season came vs. ranked opponents.

Individually, Nielsen led the team with 19 wins at singles and was named to the Academic All-ACC team for the second straight season. Orban and Fetbroyt combined for a team-best 16 doubles wins.

BORIS FETBROYT

ANDREW ORBAN

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 86 in the Top 25.** It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is **the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes four Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, more than 40 members of national academies and scores of Fulbright scholars.** The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men's soccer, field hockey, competitive cheer and women's basketball — more than any university in the nation.

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
10TH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received a B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 15TH YEAR AT MARYLAND

Deborah A. Yow is in the 15th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 14-plus years at Maryland, the Terrapins have won a remarkable 18 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence, teamwork and accountability.***

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She serves as the current President of the national Division I-A Athletic Directors Association and is a member of the Board of Directors of the National Football Foundation, as well as the Board of Directors of USA Football and the NCAA Division I Men's Basketball Academic Enhancement Committee.

She has been honored by *Street and Smith's Sports Business Journal* as one of the 20 most influential people in intercollegiate athletics, was cited in *The Chronicle of Higher Education* in October 2007 as one of the "Ten Most Powerful People in College Athletics/The Builder" and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the *Street and Smith's Sports Business Journal* "National Forum on the Direction of Intercollegiate Athletics" in New York.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 14 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget now approaches $60 million annually and the $51 million debt which her administration inherited has been reduced to $7.6 million.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student-athletes at Maryland. Academic outcomes and student-athlete welfare have received consistent and focused attention.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The 18,000-seat Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable $250 million upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable seven national championships during the past three seasons.
- In the recent academic year, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics and had the highest graduation rate of any public institution in the Atlantic Coast Conference.
- Fundraising for Maryland athletics set a historic mark of $24.7 million in 2006-07.
- Maryland was selected by *U.S. News & World Report* and *Sports Illustrated* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the best-managed Division I collegiate athletics program in the nation.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Center for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 15 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006 season, Maryland returned to the bowl scene, where the Terps defeated Purdue, 24-7, in the Champs Sports Bowl, and in 2007 was selected to play Oregon State in the Emerald Bowl in San Francisco. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.
- Hired Dave Cottle, the sixth-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four in three of his first four seasons.
- Field hockey earned National Championships in 2005-06, 2006-07 and 2008-09, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Cathy Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in five Final Fours in the past six years and won the 2005 and 2008 NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Football Academic Center was the first improvement, as it took priority over all other initiatives.
- In 2006-07, 16 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 14 years, Yow says, ***"We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "***raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's A.D.," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States. She holds a bachelor's degree from Elon University, a masters degree from Liberty University and a doctorate *(honorus causa)* from the U.S. Sports Academy and an honorary doctorate for career achievement from Elon University.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."

ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Krista Chmielewski** works with the Maryland men's tennis team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

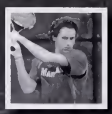
To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workshop" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.



MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Tennis Center at College Park may be obtained by working press, radio and television by writing or calling Chase Jones in the Maryland Athletics Media Relations Office, 2725 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7064. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland Athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2725 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.

MEN'S TENNIS SUPERVISOR

KATHY WORTHINGTON

SENIOR ASSOCIATE ATHLETICS DIRECTOR

Kathy Worthington was named associate athletics director for internal operations in May 1999, and promoted to executive senior associate athletics director in September 2002. She came to Maryland from Morehead State University, where she had served as associate athletics director since February 1998 after spending two years as an assistant athletics director.

At Maryland, Worthington is responsible for supervision of the department's student-athlete support services, including sports medicine, academic support, compliance, media relations and strength and conditioning.

During her time at Morehead State, her primary focus was business operations, policy development, and strategic planning. Prior to Morehead State, Worthington spent two years as the assistant to the AD at the University of Wisconsin-LaCrosse.

She earned her bachelor's degree in mass communications from the College of Notre Dame in Maryland in 1985. She earned a master's degree in public relations from Syracuse and a master's in athletics administration from Wisconsin-LaCrosse.

In April of 2004, Worthington was appointed a member of the NCAA Division I Academics, Eligibility and Compliance Cabinet. She was inducted into College of Notre Dame's Athletic Hall of Fame in 1997 and in 1999 was named an NCAA Leadership Fellow. In 1996, she earned the Graduate Student Achievement Award from University of Wisconsin-LaCrosse.
